

Modular cold rooms

OCxx Modular cold room

User-friendly sectional cold storage cell with a volume of 10 m³. The cold storage cell has been fitted with a flat anti-skid floor, lighting, a door with frame heating that opens smoothly (also from the inside), and has a very low entry height. The cold storage cell meets the HACCP/GMP requirements and can be installed quickly with panel-mounted quick-connectors and a ready-for-use plug 'n' use refrigeration unit. This cold storage cell is low noise and low energy. Indoor installation only.
